CLEARLY WORKS BETTER.

Meet the **Ultimate Zoom Room Microphone**

MXL® AC-360-Z

360° USB Microphone

The AC-360-Z is a USB-powered conference microphone that captures crystal clear audio in a full 360° within a 25-foot radius.

The new MXL AC-360-Z has been co-developed with engineers from Zoom, a leading web conferencing and communications software provider, to enhance microphone solutions for Zoom Rooms.

12-Capsule Array for 360° of Perfect Speech Clarity

Co-developed with Zoom for the Ultimate User Experience

Connect Multiple Units to Cover Any Size Room

The AC-360-Z has a low-profile and sturdy design, and is perfect for huddle rooms and group web conferencing uses because of it's amazing speech clarity, full 360° pickup range, and simple plug-and-play connectivity through USB-C 3.0.

Specifications

- 12 internal capsules for full 360° audio pickup
- 25-foot audio range
- Ability to connect multiple units over USB-C
- Simple plug-and-play connectivity, no drivers required
  USB-C, 3.0, and 2.0 power and signal with 5V power supply
